Page 3 of the memorandum will remain the same.

Schedules of Collections covering collections of inspection fees, as well as continuous factory inspection service, in the same schedules, should be handled in the following manner.

The "Detail Description of Purpose" column should be entitled

"Processed Foods Inspections".

The descriptive information contained in this column should follow the forms indicated below:

"Fees - Insp. 1000 cs. Peas @ \$10.-M \$ 10.-  
"Expenses..... 2.50  
(In instances where the collection  
is on a fee basis.)

"Plant Inspection - 200 Hrs. @ \$2.75 550.-  
"Expenses..... 50.-  
(In instances where the collection  
is on a full daily basis, at the  
established hourly rate, at a fac-  
tory not under continuous factory  
contract.)

"Continuous Factory Inspection -

NOTE: Do Not Confuse Plant Inspections with Continuous Factory Inspections. The fact that full time daily inspection service is rendered a factory does not constitute a continuous factory inspection service. In order for the service to be classed "continuous factory service", a signed agreement must be on file with the Food Distribution Administration.

The "Fund to be Credited, etc." Column should read as follows:

"128015.----- Deposit of Fees, Inspection and  
Grading of Farm Products - FDA

(The limitation, such as "0690" for California,  
is to be indicated in the blank space indicated  
following the Symbol 128015., in each instance.  
Complete list of appropriation numbers applicable  
to each individual Trust Fund Agreement has already  
been included in a former memorandum.)
